Round 0

Take the wool needle and thread for round 0. Divide the latter (about 2.5 meters / 2.7 yards). Take thread single. Hem the sole edge with the blanket stitch.

Note: We use UK terms!

UK: treble crochet = US: double crochet

UK: front/back post treble crochet = US: front/back post double crochet

Round 1

Start at the heel. Take thread of sock wool double (when using 6-ply) or triple (when using 4-ply). Crochet 1 treble crochet in every stitch of "round 0".

Round 2

Start with Reliefs – Crochet a front and a back post treble crochet alternately. All further rounds also consist of front and back post treble crochets. Only from the 3rd round decreases are crocheted at the middle of the toe.

Round 3

In this round, the first decrease is made at the toe: crochet 3 stitches together at the middle of the toe by drawing the thread through the 3 front post treble crochets and decreasing (tip: to correct the symmetrical center if necessary, you can also crochet 4 sts together).

Rounds 4-10 (11)

Size 37/38:

Rounds 4-10: As in round 3, always crochet 3 stitches together at the toe.

Size 39/40:

Rounds 4-10: As in round 3, always crochet 3 stitches together at the toe. Exception in round 6: Here you crochet 5 stitches together.

Size 41/42:

Rounds 4-11: As in round 3, always crochet 3 stitches together at the toe.

Finish with slip stitch and sew on the woven labels.
