INSTRUCTIONS

- 
- Step 1 : Print the patterns for both the upper and lining according to your shoe size by clicking the provided link.
- Step 2 : Trace the upper panels (along with the allowances) onto the suede leather and cut them out carefully.
- Step 3 : Trace & cut the lining panel out of suede fabric.
- Step 4 : Paste the lining onto all the upper panels.
- Step 5 : Join all the vamp panels using cross stitch as directed in the pattern.
- Step 6 : Paste the back panel and make a top stitch on the edge.
- Step 7 : Using knitting needles and yarn of your choice, Knit leg panel for your boot (till calf) and also make a cord for fastening.
- Step 8 : Stitch the knitted leg panel to the boot from the neck part.
- Step 9 : Fold the sock around the calf, creating a loop to thread the cord through.
- Step 10 : Thread the cord through the loop and add pom-pom at the end of the cord.
- Step 11 : Cover the insole with the suede fabric.
- Step 12 : Adhere the upper to the insole using a strong adhesive.
- Step 13 : Use the provided nylon thread to create a false stitch on the sole and attach it to the insole using a strong adhesive or directly stitch the insole to the sole.
- Step 14 : Apply booties tags on the outside of your shoes.
- Step 15: Your calf-high sock boots are now ready to wear.

TIPS & TRICKS

- Mark the centers on each panel while tracing.
- You can utilize either old socks or readily available leg warmers from the market.
